

Hagedorn-NC GmbH has committed itself to lead its business environmentally responsible. To ensure that environmental awareness is an integral part of our operational activities, we are specifically committed to

- aligning our sequence of operations according to the valid environmental regulations and laws,
- avoiding pollution and keep impairments for staff and residents as low as possible,
- minimizing energy consumption and waste production per production unit, wherever it is economically practicable,
- communicating with our staff and the external environment openly and constructively ensures, that our employees and service providers are aware of this process and therefore able to,
- continuously improving the environmental performance by economically practicable measures
- communicating these principles, and therefore ensuring the requirements for environmentally conscious procedures are being incorporated as part of the performance evaluation in operations, education and decision-making.
